

SUPPORTING MICHIGAN'S PARKS, TRAILS, AND WATERWAYS.

Chateau Grand Traverse (CGT) is proud to partner with the Michigan Department of Natural Resources as we bring the best of Michigan's natural resources - agricultural and recreational - together for the benefit of our residents and visitors.

PICNIC

Semidry White Wine

Cheers to toes in the sand at sunset, gentle breezes scented by campfire, and spontaneous outdoor dining.

WOODS

Sweet Red Wine

Cheers to the road not yet traveled, trees that tell our history, and the promise of an unforgettable view around the bend.

WATERS

Sweet White Wine

Cheers to full sails, fish tales, wet paddles and rafting up with friends on the lake.

CGT winemaker Bernd Croissant has crafted these wines in three of our most popular styles to tastefully represent our state's unique natural resources. Through this unique partnership, CGT will be donating a portion of profits from every case sold to support Michigan's parks, trails, and waterways.
